How to Find a Primary Care Provider on UnitedHealthcare

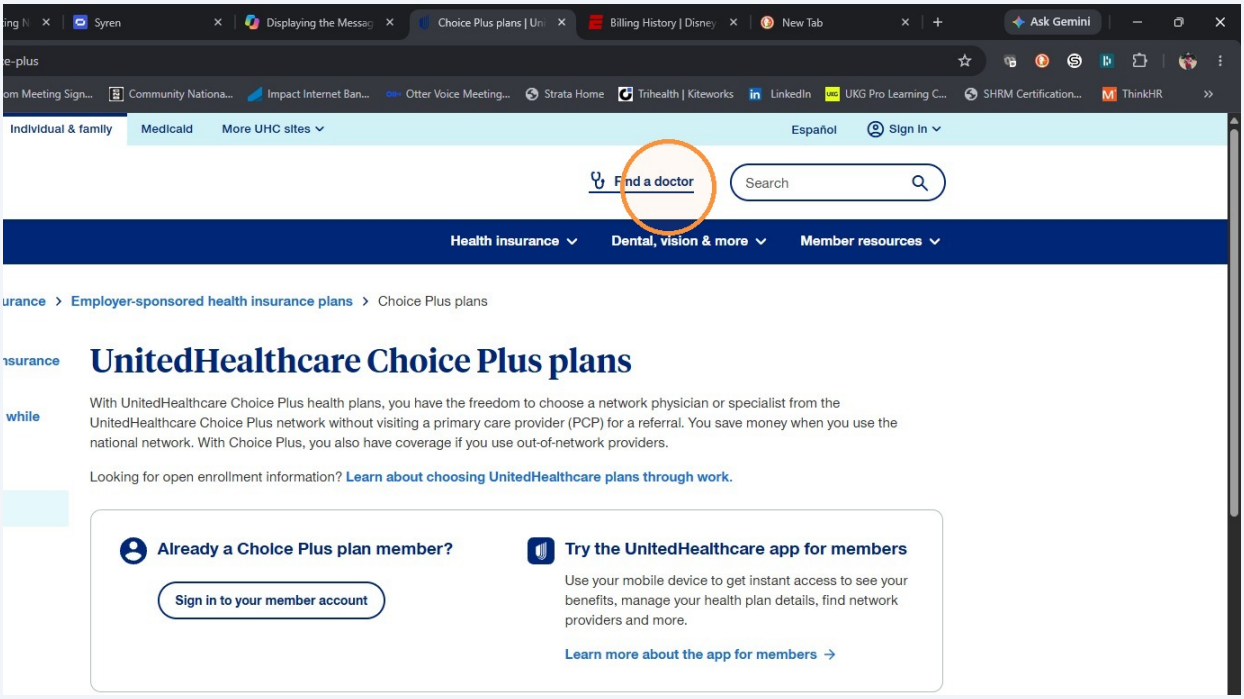

Learn how to navigate the UnitedHealthcare provider search tool to locate specific doctors within your network. This guide simplifies the process of filtering by plan type and coverage year to find the right healthcare professional for your needs.

Open Provider Search

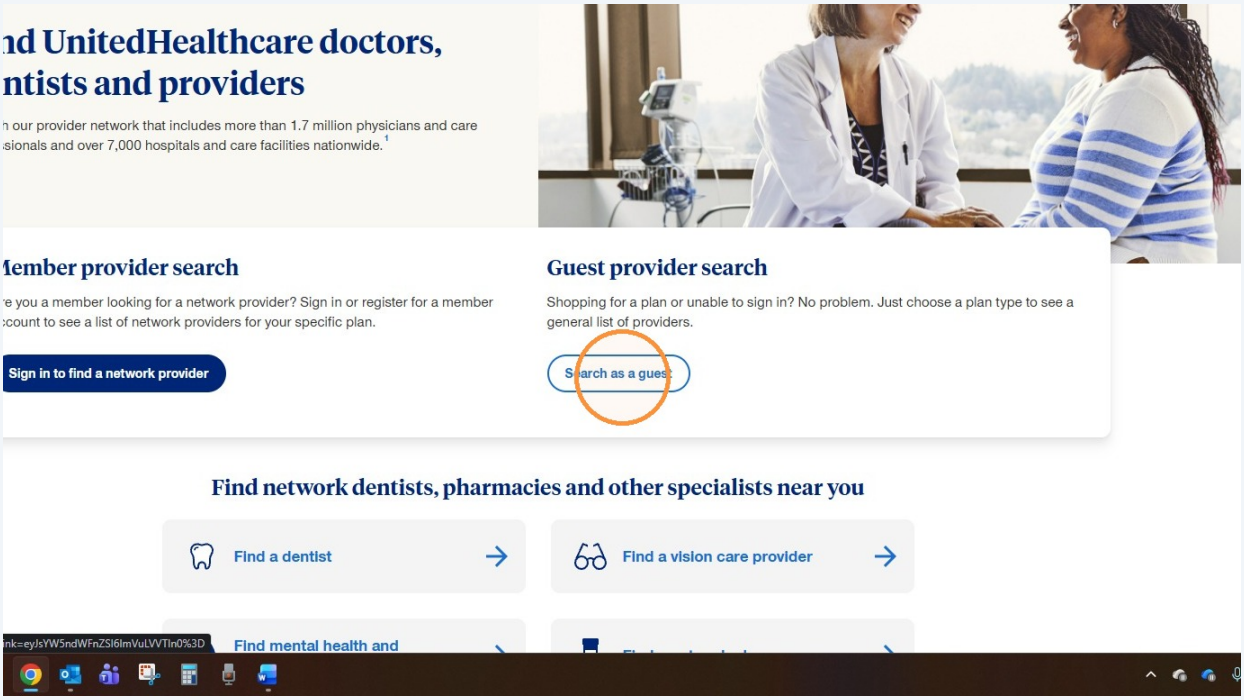

1 Open the UnitedHealthcare Choice Plus plans search result.

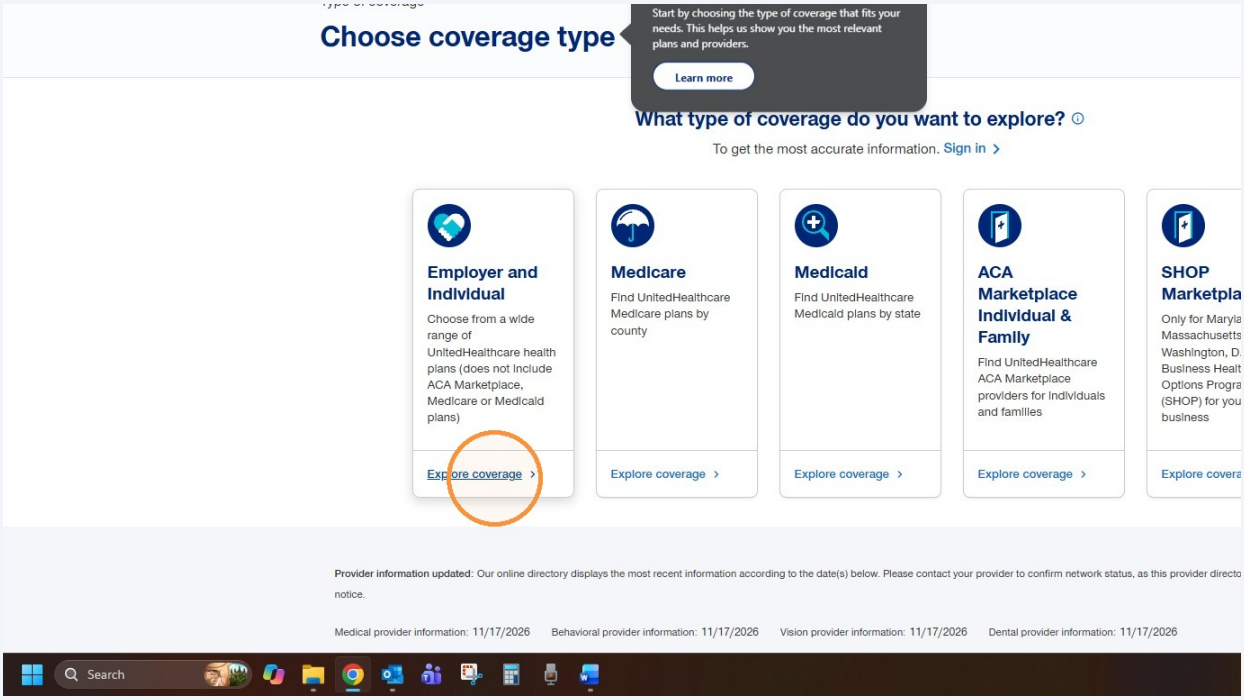

2 Click Find a doctor.

3 Click "Search as a guest"

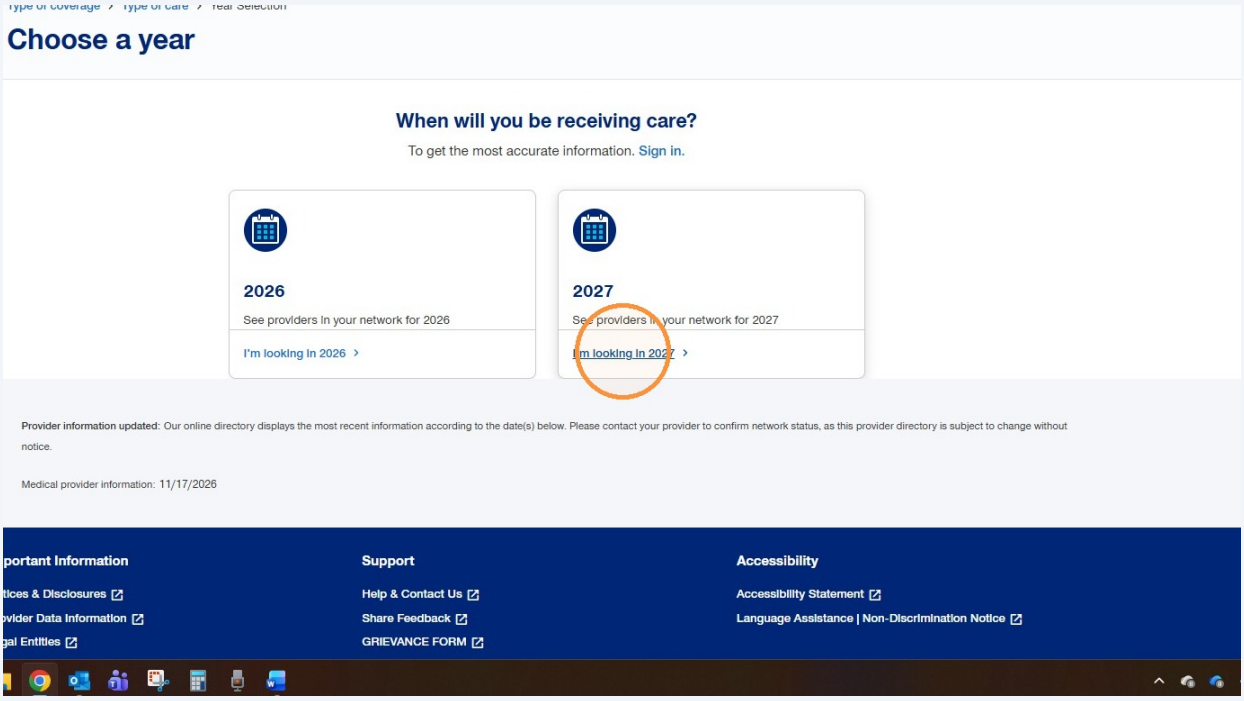

4 Select Explore coverage under Employer and Individual.

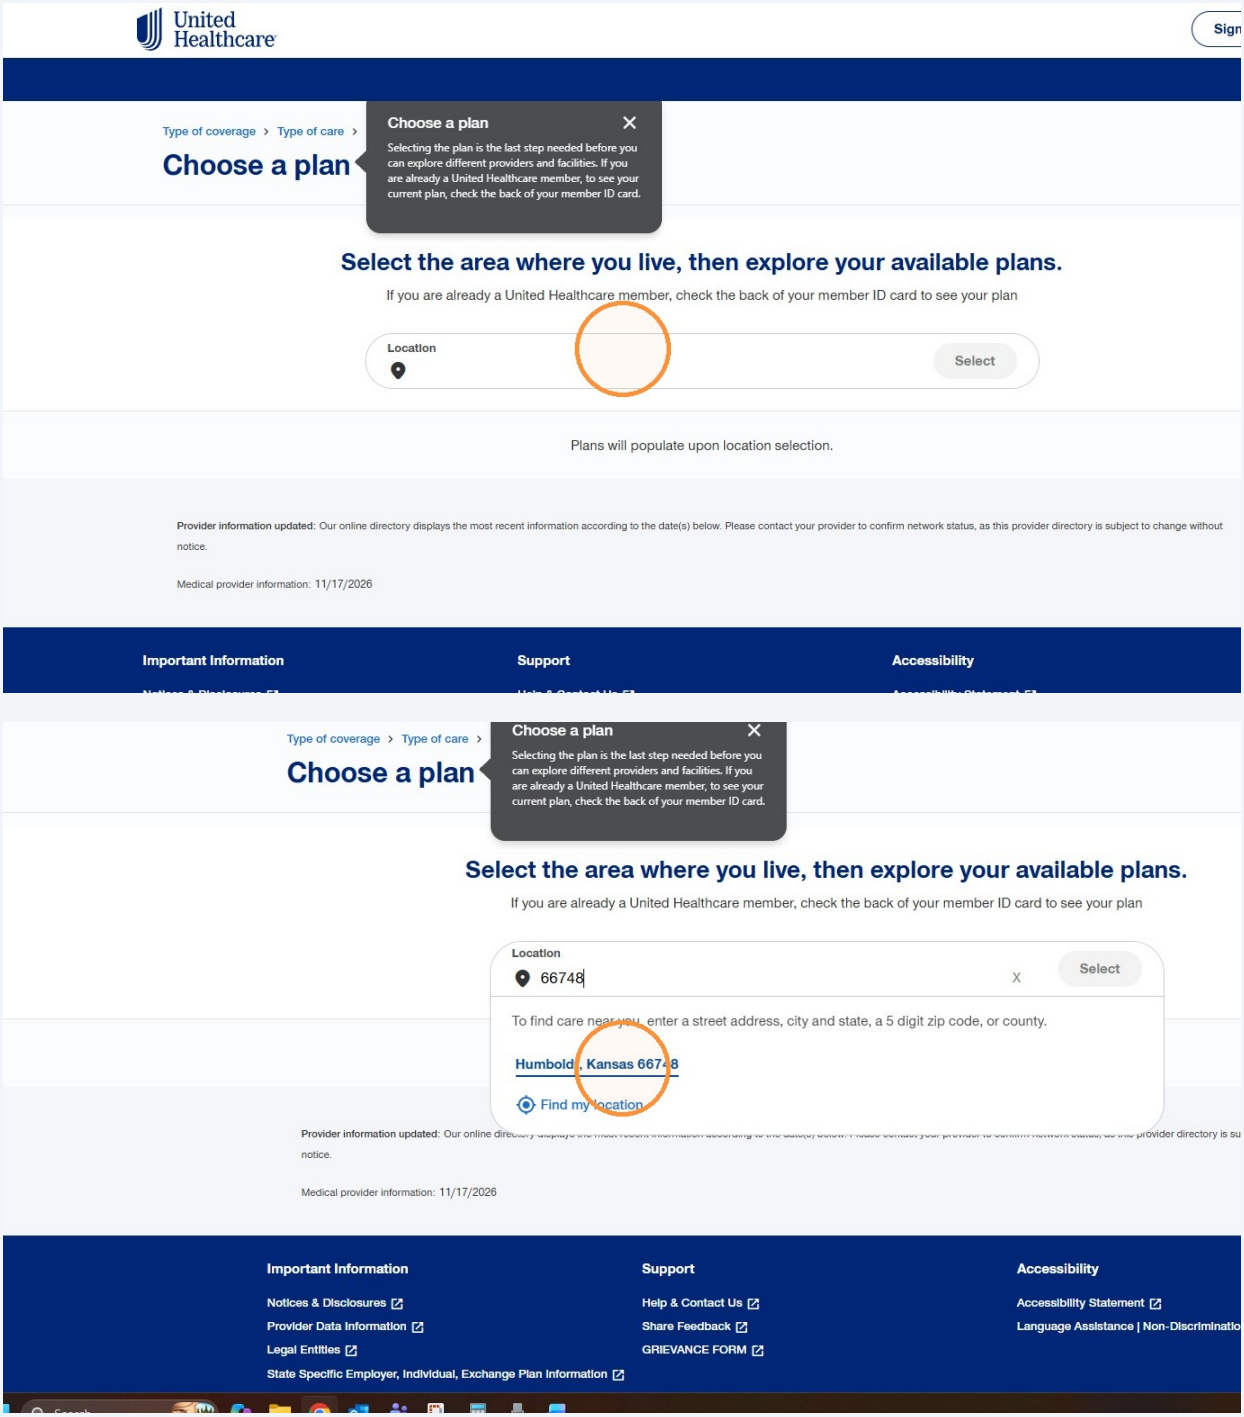

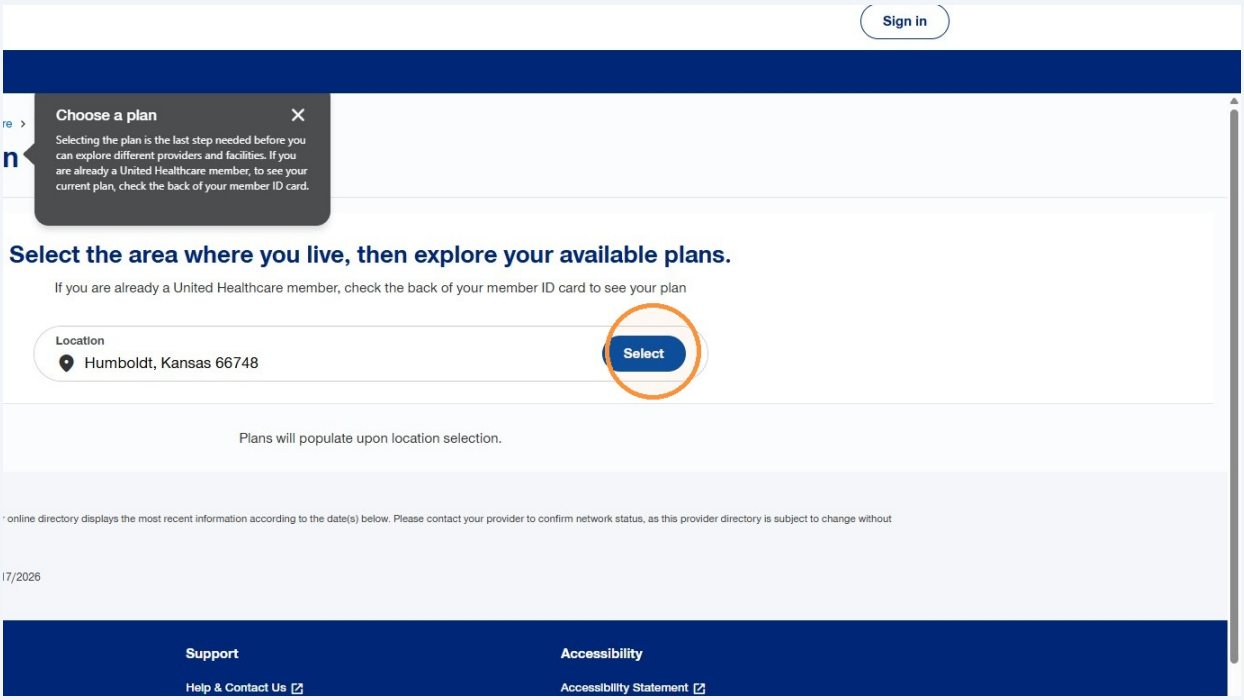

Choose Plan and Location

5 Click "I'm looking in 2027"

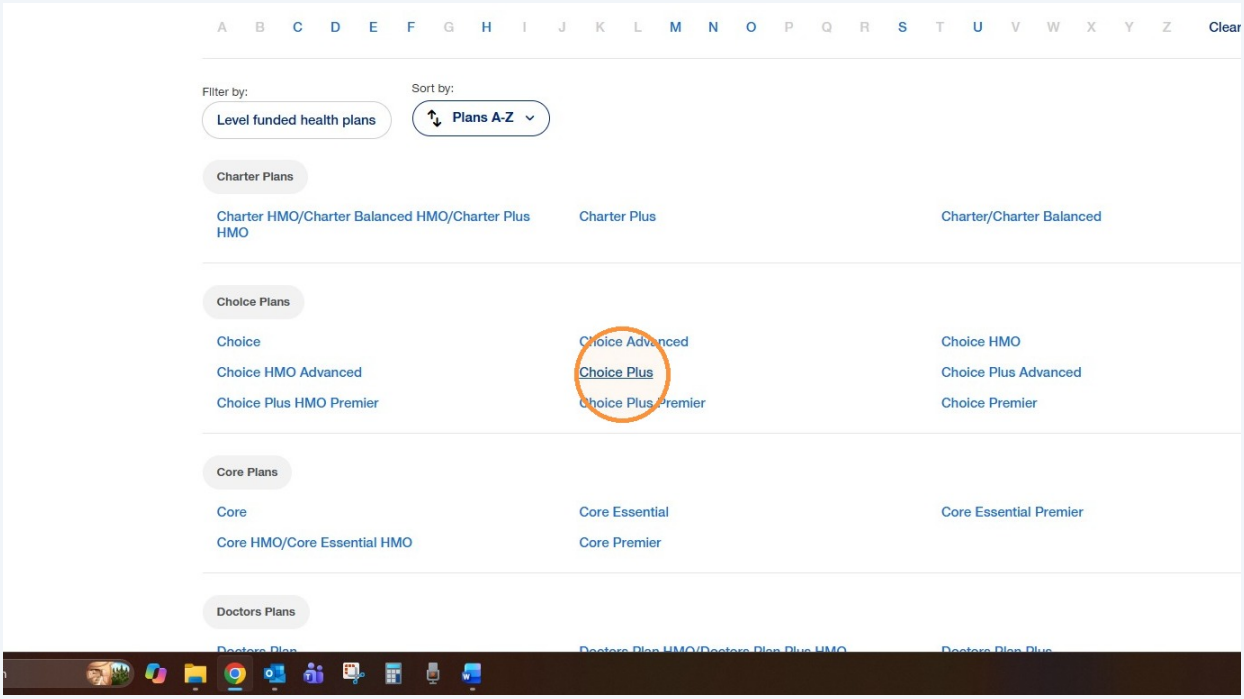

6 Enter your location, select the matching suggestion, and click Select.

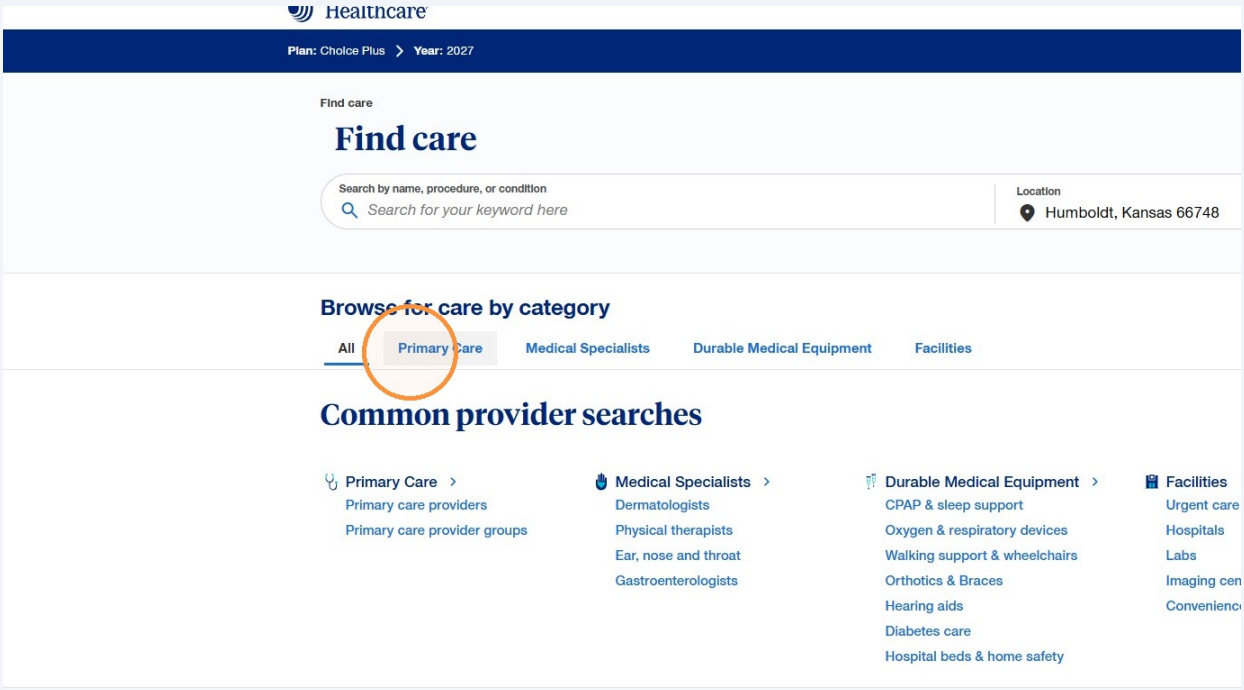

7 Click "Choice Plus"

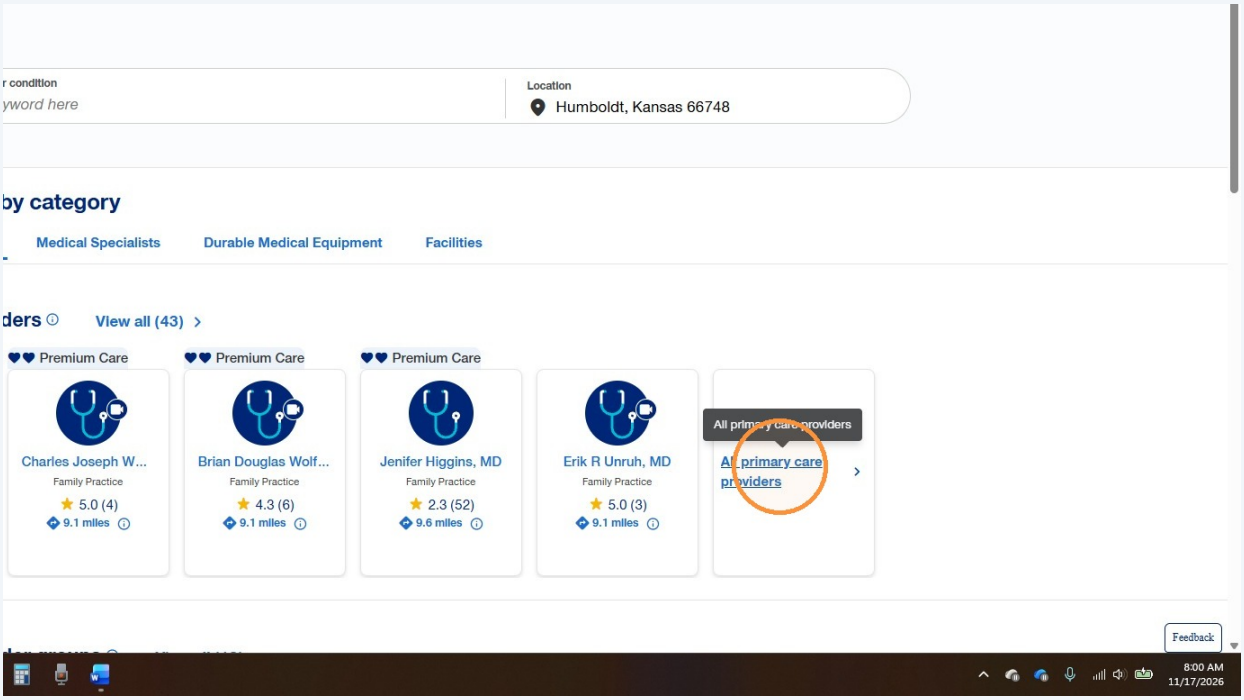

Browse Providers

8 Click "Primary Care"

9 Click "All primary care providers"

10 Click the provider listing.
